Another note from local patrons: The Parcell 7 garage located in downtown Boston at 136 Blackstone Street charges one dollar per hour for the first three hours. After that, the customers must pay the full rate. There is another special deal when a purchase is made to one of the businesses in close proximity to the garage. In this instance, the business will validate parking for the customer. (The Convenience Store, Union Oyster House or Haymarket Pizza are three options to consider. They are located across the street and to the left when you walk out of the garage.)

**Buses and Vans**

- If you arrange for your group to ride a bus or van, **make sure each passenger gets your driver's mobile number before leaving the church parking lot.**
- **Bus Unloading & Loading** – Please note on Bus Unloading & Loading Map for details for the flow for Boston Commons.
